Description:

PS&S recommends that 1 Wesley Place, a garage constructed circa 1950, is a non-contributing property in the Cranbury Historic District.

The 1-story, flat-roofed, rectangular-plan, stuccoed garage at 1 Wesley Place is 4 bays wide and 2 bays deep and is accessed by 3 segmental, 6-light roll-up garage doors in the southwest bays of the southeast elevation. An exterior, stuccoed chimney projects from near the southwest corner of the northwest elevation.

Historic maps indicate that the northwest side of Wesley Place remained largely undeveloped until the mid-20th century. Historic aerial photographs indicate that the garage at 1 Wesley Place was constructed between 1947 and 1953. Visual evidence suggests that the garage has not undergone any major campaigns of construction or alteration.

1 Wesley Place was constructed after the period of significance for the Cranbury Historic District and therefore is a non-contributing property.

Setting:

Wesley Place is a short, narrow street with residential properties on its southeast side and commercial garages on its northwest side. The street connects Park Place, to the south, to Westminster Place, to the north.
