Description:

PS&S recommends that 4 Wesley Place, currently an undeveloped parking lot, is a non-contributing property in the Cranbury Historic District.

Historic maps indicate that 3 residences were constructed on the southeast side of Wesley Place by 1876. The northernmost of these occupied the lot of 4 Wesley Place and is documented on the 1916 Sanborn map as a 2-story, vacant frame dwelling with 1-story side and rear volumes. The 1933 Sanborn documents the residence as a 1 ½-story main block with a 1-story side volume, 1-story side porch, 1-story el, and 1-story outbuilding. Historic aerials suggest that these buildings were demolished sometime in the 1940s.

4 Wesley Place is not a historic landscape site and thus is a non-contributing property in the Cranbury Historic District.

Setting:

Wesley Place is a short, narrow street with residential properties on its southeast side and commercial garages on its northwest side. The street connects Park Place, to the south, to Westminster Place, to the north.
