Description:

PS&S recommends that 64 Maplewood Avenue, built after 1940 and substantially altered by the addition of an upper floor after 1974, does not contribute to the Cranbury Historic District.

The 2-story, gable-roofed, rectangular plan frame dwelling includes a 1-story, gable-roofed, attached garage to the northeast. The roofs throughout are clad in asphalt shingle and the windows have replacement vinyl sash.

Historic maps indicate that Maplewood Avenue remained largely undeveloped until after the middle of the 19th century. Historic maps and aerial photographs indicate that this lot remained undeveloped until 1953, when this residence was constructed. It was inventoried neither in the 1980 National Register Nomination for the Cranbury Historic District nor in the 1989 Heritage Studies project. The 1974 photographic inventory of Cranbury historic buildings in the collection of the Cranbury Historical and Preservation Society show it as 1 ½-stories in height.

This property is non-contributing property in the historic district by virtue of its construction date and substantial alterations after the end of the period of significance.

Maplewood Avenue is an approximately half-mile long primarily residential street that connects N. Main Street, to the northwest, to Route 130, to the northeast. Maplewood runs parallel to N. Main Street between Scott Ave. and Park Place, after which it turns to the northeast to form a southwest extension of Cranbury-South River Road.
